

R

 - Lifting

Suction crane loading manipulator - Heavy

Performance Profile

- The whole series is equipped with the original oil-free vacuum pump imported from Germany and the ratio of vacuum pump and suction cup is reasonably configured .
- The suction cup is configured with adjustment support to meet the deformation of the plate to different degrees, and ensure that the plate is handled gently without scratching the plate.
- The position of the suction cup can be adjusted to meet the different negative plate lifting handling.

Equipment technical parameters

specification	6015/6020mm
Equipment load	800KG/1200KG/2000KG
voltage	380V
Beam length	3600mm-5200mm
Number of suckers	12/12/20
Suction cups can be adjusted in four directions
